TIME FOR SENTENCE CHANGED TO SATURDAY IN WELL MURDER

Defense Attorneys To Ask For New Trial For Woodring and Mrs. Roderick; To Present Cases Saturday Before Judge Buck

The time to pass sentence upon Mrs. Minnie Roderick and William Woodring, convicted, by a jury in the superior court last Tuesday of first degree murder in connection with the killing of Frank Roderick in the Alpine district, near La Honda, last May, was continued by Superior Judge Geo. H. Buck yesterday afternoon until Saturday morning at which time counsels for the two defendants, Attorneys Joseph J. Bullock, Gilbert D. Ferrell, will argue upon their motion for a new trial.

The motions for the new trial were made by both defense attorneys yesterday afternoon, when Mrs. Roderick and Woodring appeared before Judge Buck at 1 o'clock for sentence, and were of the usual formal nature. Attorney Bullock asked for a week's continuance in order to prepare his arguments on the motion for a new trial, but the court refused the request and set Saturday morning at 9 o'clock as the time for hearing the arguments. Unless the motion for the new trial is granted, sentence will be pronounced at this time.

The court room was again crowded with spectators yesterday afternoon. Mrs. Roderick appeared calm and showed little emotion as she stood by the side of her attorney, while he made his brief plea for a new trial. Woodring, as throughout the week's trial, was unconcerned and left the courtroom smiling and chatting with his attorneys and with Sheriff James J. McGrath.

Attorney Ferrell in commenting yesterday afternoon on his motion for a new trial, said:

"We had a good jury in the Roderick "well murder" case. and there is no doubt in my mind that what they did their duty as jurors, in their view of the facts of the case, but of course it is one thing to convict people accused of crime and send them to the penitentiary for life, and a very dicerent thing to solve the mystery. The famous Preparedness Day case in San Francisco, involving Billings and Moony, is an example.

"Woodring has, with apparent sincerity, protested his innocence, and has stoutly maintained that he knew nothing of the crime, except what was told to him by his co-defendant, Mrs. Roderick, and that his unfortunate situation resulted from the fact that he was on the ranch at the time as a friend, and endeavored to protect his co-defendant to some extent.

"He did not "squeal," as we say, until the rope was almost tied around his neck.

"His demeanor has at all times been that of one absolutely innocent of participation in the actual crime, and I have consistently believed him to be innocent of the charge. I may be wrong, of course. His actions and statements, while tending to show some knowledge of the crime or some participation in the crime, are reasonably explained, in my opinion, on the hypothesis of innocense as to actual murder itself..

"The case was unique in that it was the longest criminal trial ever held in San Mateo county, and unique, also, in that it was a bitterly contested, three-cornered fight.

"I shall appeal the case and continue the fight in Woodring's behalf, as long as there are grounds for such a fight, and as long as there is, in my mind a substantial doubt as to Woodring's guilt."

Lorraine Edith Smith, daughter of Mr. and Mrs. Clarence Smith of 122 Whipple avenue, was hit and instantly killed by an automobile at 6:30 Wednesday evening while crossing the highway at the intersection of Whipple avenue.

The little girl, 9 years and 10 months of age, had been to the General Market on the east side of the highway, and was crossing the highway on her way to her home on Whipple when she was struck by a delivery car driven by Harvey Salzman, 21, a mechanic said to be employed by the Menlo School for Boys at Menlo Park. Fire Prevention Forms Topic At Club Meetings

Fire Department Program Is Enjoyed by Exchange And Kiwanis

Fire prevention formed the topic at the meetings of both the Kiwanis club and the Exchange club this week in observance of the national Fire Prevention Week which is now being observed. Similar programs were observed at both the local service clubs.

The speaker in both cases was Mark Ryan, who for the past 18 years has been chief of the Redwood City fire department. Ryan spoke on the work and accomplishments of the fire department, and dwelt upon the co-operation which he, as chief, had been given by the men of the department and by the people of the town. He stated that the equipement of the local department is as fine as can be obtained, and that no city possesses better equipment than that of the department here.

The Redwood City department possesses four pieces of aparatus consisting of three pump engines and a city truck or hook and ladder truck. The latter is one of the finest pieces of aparatus manufactured, and is equipped to meet all emergencies likely to occur in city fires.

Chief Ryan brought out the fact that the fire department is self-contained, and that the work of the department form the care of the electric fire alarm system to the painting and decoration of the engine equipment is done by the members of the department.

The chairman of the Exchange club meeting was A. Robertson; Philip Brand, a battalion chief of the department was chairman of the Kiwanis meeting. At both clubs a pleasant part of the program was furnished by the False Alarm Orchestra, a group of musicians from the fire department.

In addition to Chief Ryan's talk at the Exchange meeting a short talk on the harbor development of the peninsula was given by Fred Drake, president of the San Mateo County Chamber of Commerce.

The Kiwanis club had as its visitor Representative Arthur M. Free, who has been inspecting the local harbor with a view to securing federal appropriations for its improvement. Representative Free stated that he was practically assured that the United States dirigible base would be located at Sunnyvale, and that its coming would result in a number of large factories locating in this section of the state.

Following the Kiwanis meeting the members were given an opportunity to inspect the various pieces of equipment of the fire department, they having been drawn up in front of the hotel where the meeting was held.

COP GETS BAWLED OUT

It is said in newspaper circles that when a dog bites a man it is not news, but if the man bites the dog it would be news. Likewise, it may be considered as news when the prisoner bawls out the cop, and figuratively speaking tells him where to get off.

Officer Thorpe on Wednesday found a very ragged individual holding forth on the street concerning the dire results which would come of the present trend of things in general. He booked the preacher, who gave his name an John Messenger, at the jail on a charge of vagrancy and for investigation.

However while the booking was in progress the prisoner began a sermon beginning, "O, you foolish people," and in which all the dire forebodings which he predicted for the world in general were concentrated on the arresting officer. Messenger was finally led to a cell still predicting floods, famines and pestilence as the future for Redwood City, and even worse for the arresting officer.

TWO ARRESTED AS DRUNK

William Johnson, a shoemaker, and S. L. Aitkenson, a mechanic, both colored, were arrested by the Redwood City police Wednesday. Johnson was charged with being drunk, and Aitkenson with driving while intoxicated. Both appeared before Judge Edward McAuliffe yesterday. Johnson was fined $10, which he paid, and next Tuesday was set as the time for a preliminary hearing for Aitkenson.

WESTERN PACIFIC FILES ANSWERS TO OBJECTIONS TO LINE ON PENINSULA

Final Brief Filed By Western Pacific With Interstate Commerce Committee In Answer To Points Raised By Opponents To New Line

An announcement by the Western Pacific Railroad Company states that its final brief in the cases involving the plan of the Western Pacific California Railroad Company to serve San Francisco and the San Francisco peninsula by a direct all-rail route has been forwarded to the Interstate Commerce Commission at Washington, D. C.

The plan contemplates the construction of a rail connection from the present trans-continental line of the Western Pacific at Niles to San Francisco through this city.

The brief is in reply to exceptions made by the Southern Pacific to the report made by O. D. Weed, I. C. C. Examiner, who recommended that the Interstate Commerce Commission authorize the Western Pacific to proceed with the construction and operation of the proposed line. The next step in the case will be the oral argument before the Interstate Commerce Commission. An early decision is requested.

The principal purpose of the new line, says the Western Pacific in the brief, cannot better be stated than in the words of the Interstate Commerce Commission Examiner which are quoted as follows:

"The objects to be attained by the construction of the proposed line as stated by the applicants, are to improve the service of the Western Pacific in San Francisco and adjacent areas in San Mateo County, particularly in connection with the stockyard and packing houses in South San Francisco, to extend the Western Pacific rails into the San Francisco peninsula, which is believed to be suitable for industrial development on an extensive scale, and to strengthen the Western Pacific system by giving it more effective access to sources of traffic and thereby enable it to become a more completely self-contained and self-supporting instrument of transportation.

"It would provide the shippers of San Francisco dependent upon the Western Pacific with more effective and expeditious service, and it would give all shippers and receivers of freight on the peninsula the advantages of increased effective competition."

Asserting that the proposed line is justified because of improved service to be afforded thereby, the Western Pacific says:

"The record clearly shows that under existing conditions the Western Pacific, dependent upon barge connection between its main line and its San Francisco terminals for the handling of over 20 percent of its entire traffic, is severely handicapped in competition with the Southern Pacific which enjoys direct rail access to San Francisco.

"We submit that the Western Pacific is entitled to construct what is in effect a cut-off or bridge for the purpose of more expeditiously, economically, and efficiently handling its existing traffic to the principal city served by it, the principal port on the Pacific Coast and the source of over 20 percent of its entire traffic. This would justify the new line if no other benefit whatever were to be derived therefrom.

"San Francisco is the largest city served by the Western Pacific and is not only the principal port on the Pacific Coast, but one of the principal cities of the country. It enjoys the direct rail access of but a single line, the Southern Pacific. It is entitled to the benefit of the proposed improvement, and the Western Pacific, as an existing line serving that community, is entitled to effect that improvement in the manner here proposed."

It is pointed out that the Western Pacific, by the construction of the line of railroad between Niles and San Francisco, via Redwood City, proposes to bridge a gap which occurs right at its principal terminal. On this point the brief says:

"A similar gap existing at Carquinez Straits, about 30 miles away on the Southern Pacific, the bridging of which was authorized. It has been announced that this bridge will be in operation about November 1st. It was constructed to save two hours in the time required for transportation of Southern Pacific freight traffic. The estimated cost, as stated in the report, was $12,000,000. It is simply and solely a bridge with no traffic possibilities whatever.

"The present line, considered as a bridge alone, is estimated to cost $8,000,000, two-thirds of the amount expended by the Southern Pacific. It will accomplish a saving of from five to eight hours, three or four times as great as that accomplished by the Southern Pacific.

"The new investment could be cut in half by joint use of the existing Dumbarton bridge of the Southern Pacific recommended by the Examiner, and which the applicant (the Western Pacific) is willing to take if offered on reasonable terms.

Engine Wrecked As Axle Breaks

A broken axle on one of the big freight locomatives of the Southern Pacific line almost wrecked the machine yesterday. The shaft broke when the locomotive was pulling a freight train north near Pine street. When the axle broke the big drive wheel slid beneath the engine and completely demolished the air brake equipment so that the engineer was unable to stop the train.

Without brakes the train slid along dragging the drive wheel along the ties, and finally came to a stop a short distance north of the Main street crossing. In its course the heavy wheel had been tossed about by the pitman and crushed in one side of the fire box and otherwise damaged the left-hand side of the locomotive.

The wrecking crew was summoned and finally removed the disabled locomotive. While the main line track was blocked traffic was detoured over the other tracks.

Contracts will soon be awarded for a three-story apartment building to be constructed on a portion of a block of land on Hilton and Walnut streets, near Stambaugh, and owned by Dave Walter. That portion of the city is in need of such an apartment. It will attract people to live in that locality and build up that community, which has a promising future. With the starting of the industries at Belle Haven that portion of Redwood City is certain to boom.

PARTY ENTHUSIASTIC AFTER VISIT TO RICHMOND HARBOR

Industrial Development of Western Shore of Bay Thought To Depend Upon Proper Use of Natural Harbor Facilities At Redwood City

"We who have deep water right at our doors should see what has been done in Richmond to appreciate what we really have here," stated Mayor Stafford Wednesday following his return from Richmond, where a party of Redwood City men had gone the day before to inspect the harbor developments.

"Richmond," continued Mayor Stafford, "has made a deep water harbor out of dry land and mud flats. The harbor has been actually dredged into the land, and they have spent a thousand dollars for every dollar which it would be necessary for us to spend here to develop the facilities which we already have."

"We also learned," he stated, that every dollar which we spend for harbor developments, even for warehouses and docks, is considered by the government as a part of the money which they expect us to provide if federal aid is to be given our harbor project."

Howard Wood, another member of the inspection party, was enthusiastic about the outlook for the Redwood City harbor.

All members of the party seemed to believe that the opportunities for industrial development here compared favorably with those of Oakland, Richmond or any other bay community. The packing and fruit growing sections of the Santa Clara valley and the San Joaquin valley will find a natural and economical outlet at Redwood City as soon as the waterfront is equipped to handle the traffic, was the concensus of belief expressed by the members of the party.

The inspection party consisted of Daniel Stafford, mayor; Daniel Flynn, chairman of the chamber of commerce executive port committee; C. L. Dimmitt, city engineer; Z. T. Thorning, member of the same committee; Henry Witte, chairman of the city planning commission; William Dusel and E. B. Hinman, members of the city council; Sam Winkelbleck, president of the Kiwanis club; R. N. Stryker, president Oak Knoll Improvement Club; David Walter, member real estate board and prominent realtor; A. L. Kennedy, Bay Shore Shipping Attorney H. M. Wade, counsel for the Peninsula Industrial Conference in the Western Pacific Railway case; Fred Mahr, secretary of the conference; Frances Bett Smith, port and breakwater engineer.

This delegation was met on the other side of the bay by Assistant Manager Able of the Oakland port commission, and J. Sempey, manager of the marine department of the Oakland chamber of commerce; and Richard Engle, manager of the Parr-Richmond Terminal.

The Parent-Teacher Association is preparing an elaborate program for the party to be given on the evening of October 31 at the Woodside hall. In addition to the regular Hallowe'en features there will be a play entitled, "The Minister Comes to Tea," which will feature several of Woodside's well-known dramatic stars. Rehearsals are well under way and it can safely be said that not since the days of Edwin Booth and Sarah Bernhardt has so much dramatic talent been brought together on one stage as will appear at this time.

The Woodside Girl Scouts entertained a group of Girl Scouts from Redwood City at a picnic on the school grounds on Wednesday afternoon.

Mr. and Mrs. William Wallace Mein and family visited their new home here on Saturday last. The house was completed during their absence in Europe but though finished and ready for occupancy it will not be formally opened until spring.

The new home being built for Mrs. Leon Sloss on the Mortimer Fleishacker place is fully enclosed which will permit of its completion during the winter and it will also be ready for opening with the spring.

Mrs. Emma Andreen has returned to her home after an absence of several months visiting her son in the east.

Mr. John C. Barg is spending the week here with his daughter, Mrs. James V. Neuman.

Donald Miller, young son of Cecil Miller, took a horseback ride last Saturday that resulted in a broken arm, when he fell from the horse.

Tax on Carriers Pays Big Figure

County's Share of Income To Be $2,301, Controller Riley States

By ELWOOD SQUIRES
(United Press Staff Correspondent)

SACRAMENTO, Cal., Oct. 6 (UP)—Collection of the gross receipts tax on passenger and frieght motor carriers of California netted the state $389,563 during the past six months, according to a report by state controller Ray L. Riley.

The amount will be divided between the counties and the state highway division, with a total of $194,791 as the county's share.

San Mateo county received $2,301 of the apportionment.

Litigation now pending in state courts has hampered collection of this tax by the state. The dispute centers around the fact that many freight carriers claim they are private, and not common carriers.

A common carrier is defined as a concern that operates between fixed treminals and on regular routes over California highways.

Frequently such operators come

Those protesting the tax do not wish to submit to regulation by the railroad commission, which supervises, rates, schedules, etc., of all common carriers.

Considerably more revenue is expected to accrue to the state when the various legal points have been settled by the courts.

Several objections to the present form of taxation are raised by the state board of equalization, although the board admits the tax is a distinct improvement over the former motor vehicle transportation tax.

Certain inequalities exist in the present law which should be removed, the board believes. The tax is restricted to companies operating as common carriers over regular routes or between fixed terminals; the classification excludes from its purview the optrations of those hauling under contract or carrying on spasmodic business in different sectors.

into direct competition with highway transportation companies and cause disastrous diminishment of the revenues of these companies, inasmuch as the contract haulers are not subject to as heavy taxation and feel at liberty to cut rates.

Special licenses at fees materially greater than those now prescribed for commercial vehicles generally is recommended by the board as a remedy.

History of Clarence Saunders

ELEVEN years old, he worked for 25c a day for eleven hours in a factory that made heads for barrels—afterwards 'till fourteen on a farm at 40c a day from sun up, 'till sun down.

Then in a country store, starting at $4.00 a month and his board—three years altogether in a country store.

Seventeen, as night watchman for 150 coke ovens at Blossburg, Alabama—one dollar a night for fourteen hours, from 5 p. m. 'till 7 a. m. the next morning.

At eighteen, for a dollar a day in a sawmill—walked three miles to be there at 6 a. m.—worked 'till 6 p. m.—walked three miles back home.

Then at nineteen, a job with a wholesale grocery house at Clarksville, Tennessee, starting at $30.00 a month up to $90.00 a month in four years.

Then to Memphis as a bill clerk, cost clerk and what not, for a wholesale grocery house.

Then as a city salesman for a wholesale grocery house at Memphis, when he organized the first chain of independent merchants under the name of the United Stores.

In 1915, in business for himself as a cash wholesale grocer with only $23,000.00 capital to start with—built up a business of four million dollars a year in 18 months—made for his stockholders big profits on their investment.

September 12, 1916, started the first Piggly Wiggly Store at Memphis. Laughed at, ridiculed for such a name and the fact that customers waited on themselves (now copied on this plan all over the country by both independent retailers and chain stores) —built the Piggly Wiggly business to nearly one hundred million dollars in seven years—raised a total of sixteen million dollars cash in four months to fight the Wall Street short sellers of Piggly Wiggly Stock—borrowed money on the stock to do it—got his loans called, which lost him everything he had, but in this fight he made good as against the gamblers, for it cost the short sellers four million dollars—that difference going to the stockholders of his company who sold out on him.

With not a dollar left he started the first Clarence Saunders Store at Memphis on $12,000.00 capital furnished by a few friends.

He has spread the Clarence Saunders Stores into over 200 cities and towns in fifteen states with a larger sales volume per store than any other large chain store organization.

If you play with Wall Street and hope to beat the game, you will find out to your sorrow that the cards are stacked against you.

Maybe Wall Street will allow you a winning now and then, but in the end, what you first won and more will find its way out of your pocket to the Wise Ones of Wall Street. Better to keep your money at home where you can see it work for you.

Clarence Saunders wants you as a partner in the business, and with thousands of people as such partners there's bound to be success, with the right kind of management, and that management I will give to the stores.

As a partner, you will not only be saving your money with lower prices, but will have the opportunity to share in the profits of the business. No Wall Street manipulator will have a chance to grab the profits, as these will be for the people themselves as partners in the business.

Just cut out and mail the coupon shown hereon if you would like to know more about my Customer-Partnership plan.

CLARENCE SAUNDERS
SOLE OWNER OF MY NAME

MY DEAR FOLKS!

I MAKE A LOUD NOISE BECAUSE I WANT YOU TO HEAR ME — YOU MUST HEAR ME—IT'S FOR YOUR OWN SALVATION THAT YOU MUST HEAR ME

It's no time to dilly-dally—it's the time for you to wake up—think and do.

The powerful moneyed interests of Wall Street have been so greedy that everybody in every line of business is almost the money-slave of the barons of high finance.

Look where you will, there is the hand of Wall Street at the throttle of the motive power of practically every business of importance.

Wall Street controls, but who in reality supplied the cash dollars for that control? It was you, dear folks, of California and of the other places away from Wall Street.

In every town there are many Wall Street agents. They collect from you and off the money goes to Wall Street.

The people put up the money and Wall Street controls the business in which they invest. If the Stock Market goes up it's the people's money that puts it up.

You can see what happens to the Stock Market when the public quits putting up new money.

The rich men let the market drop and the public pays the difference.

To tempt you to part with more money the powerful moneyed interests start a pool to boost the prices, but oh how quickly they quit when you don't get fooled into the trap—then another sag in prices.

Up and down the prices go from day to day like a cork bobbing up and down in the water when tied to a fishing line — when you bite the cork disappears and out of the market is snatched the little fish that got fooled into biting at the bait.

Wall Street bottled up nearly every other kind of industry before tackling the Retail Food business, but during the last few years it has gone strong after Chain Food Stores

All over the Country one consolidation after another has been effected by joining together Chain Food Stores.

The Clarence Saunders Stores are about the only *large* Chain of Food Stores operating over a wide territory that is not now controlled by the powerful moneyed interests of the East.

These High-Steppers in big finance have tried most every way to get me to sell out the Clarence Saunders Stores to one of their Consolidations.

These big Chain Store outfits have a pressing reason to eliminate me as a competitor.

With their enormous Capital structure—the fabulous prices paid to take over competing chains of stores into their organizations—the big overhead expenses necessary to conduct a Wall Street dictated policy in management they are unable to successfully compete with the Clarence Saunders Stores, operated on an independent basis, free from the handicaps that go with Wall Street dictation.

I am giving you an opportunity—a wonderful opportunity to be a partner with me in the Chain Food business—a business that is sound—one that must go on whether times are hard or good—the safest business of all—and on a basis that includes no Wall Street participation—no bonus stock—nothing but Voting Common Stock—$10.00 par value—no bonds or preferred stock ahead of it.

Aside from the investment, you will be a partner in a business that will stand out as independent of all the Wall Street Consolidations. It will be a consolidation of the people behind a retail food business that cannot be controlled by Wall Street.

I have had plenty of dealings with Wall Street to know its inside schemes and plans and I know enough to never want to deal with Wall Street again on any financing for Clarence Saunders Stores.

Just think how high the prices will go if Wall Street does finally put all competitive Chains of Food Stores into their consolidations!

What difference does it make how many names they use for their Chains of Stores if each of them is controlled by the moneyed interests of the East?

They know how to bring about understandings between the different systems so as to raise prices and manipulate the market values of the different stocks.

I have worked out a partnership plan whereby each territory will have a local Company of Clarence Saunders Stores and yet will share in the operations of every Clarence Saunders Store throughout the country.

There will be local Companies and at the same time a National system maintained for the benefits of large purchasing power and for the other advantages that naturally accrue to a national business.

The details of my partnership-plan I would like to have explained in person to everybody who would like to know about it.

All I want is the opportunity to have you told about it in person without any obligation upon your part to invest a dollar if you do not agree that I am putting over a partnership-plan that will stand as one of the greatest and soundest ideas in merchandising that has been evolved in a long time.

No wild scheme, but a sound business proposition backed up by years of experience in successful merchandising and one that has large profit possibilities.

The big profits of any sound business always come to those who get in on the ground floor before Stock Manipulators get hold of it and put in all the extra Stock for bonuses, good will and financing.

The ground floor basis is what I am offering you and at a time when the Wall Street controlled chains of stores are groggy from such manipulations—handicapped also by their enormous size and distant management as dictated by Wall Street.

I am offering you an opportunity to become a partner in a going business that the Wall Street stores tried to down, but couldn't.

Clarence Saunders Stores have already stood every test of mean competition and have come through with the good will of the public and have a larger average volume of sales per store than any of the Wall Street Stores.

The reason is we have Close local management for our stores. We have the human touch present in them—a personality that is warm and not like the cold money atmosphere of a Wall Street Store. Now is the opportune time to expand the Clarence Saunders Stores for rentals are lower and nearly all food products are at prices that certainly seem to have touched bottom.

Lower rentals mean less expense in operation. Bottom prices for merchandise mean no inventory losses on account of declines in values.

The local Company I am now talking about has forty stores situated in Oakland, Alameda, Berkeley, Albany, Burlingame, North Burlingame, Hayward, Martinez, Palo Alto, Redwood City, San Leandro, San Mateo, Richmond and Vallejo.

The program is to establish Clarence Saunders Stores in San Francisco, Sacramento, San Jose, Stockton, Santa Rosa, Fresno and all the other towns of suitable size from the Northern part of California to the Central part.

The balance of the State will be operated by another Company with headquarters at Los Angeles.

But as I said before, my partnership-plan will permit of each local Company participating in the operations of every Clarence Saunders Store, wherever located.

Already we have over a half million dollars paid in Capital in the Clarence Saunders Stores of Northern California Ltd., (the Company that I am asking you to be a partner in) but we wish to add more money to the business to open Clarence Saunders Stores in those towns where we are not now operating.

We have no bank loans and don't expect to have any. If you become one of my partners your name will be only on the private record of the Corporation and will not be a public matter. I say this simply because some people are particular that their investments be treated strictly in a confidential way.

If you will listen to the plan in person, please cut out the coupon shown hereon and mail to 535 Mills Building, San Francisco, and I will have someone call on you who is qualified to explain in detail to your satisfaction.

Going to Get Money

George Von Elm's announcement that he is quitting the ranks of amateur golf is one of the most unusual in the annals of the game.

Von Elm, one time national champion, a man whose name has been linked with the so-called "simon pures" for some years, has decided that he will take the money he becomes eligible for instead of taking the cocktail shaker, the tea rose vase or the cuff links.

Georgie claims that the title "Mr" has cost him $50,000. That's a lot of money for two letters and a punctuation mark. He ought to know how much it has cost him, but it still seems like a lot of money to this country boy.

There's just one bit of regret in Von Elm's passing from the amateur group. He's involving himself in the amateur-pro battle, a controversy that's been going on for years and will go on for years more, without shedding any new light on the situation.

Von Elm objects to the situation wherein the United States Golf Association takes in $50,000 at the gate of a national amateur and yet does not give any of the money to the players for their expenses.

Strangely enough, this business of accepting expense money is the very thing for which itinerant and year-around tennis players and the U. S. L. T. A. are criticized for.

Thus it seems that nobody is happy about this amateur versus professional wrangle, and I don't believe anybody ever will be.

HISTORIC INN BEING RAZED

LAURENCEVILLE, Ill., Oct. 9 (UP)—Stage Coach Tavern, once host to Abraham Lincoln, Stephen A Douglas, General Ulysses S. Grant and other notables, is being torn down to make way for a modern building.

The old tavern is noted for once being an important key-station in the underground railway system. Records show that numerous runaway slaves were cared for there prior to the Civil War.

It was built at a time when the community was scarcely settled, the prarie land covered with swamps and inhabited by Indians and is rich in historic lore over a period of 105 years.

From the time of it's construction until the coming of railroads, the Tavern served as an important stage coach stop, and many westward travelers were housed there.

Stage Coach Tavern was built in 1825 by John C. Reiley, a pioneer of southern Illinois. It is the last connecting link between the time when Lawrenceville was a community of 200 persons, and the present day. At his death the Tavern was converted into a dwelling house but remained the property of the Reiley heirs.

The benefit card party in the school auditorium under the auspices of the Mothers' Club on Oct. 17 will be a big affair. The valuable prizes to be offered will lure all fans to the audtiorium that evening.

William Mitchell, the accountant and son of Mr. and Mrs. V. Mitchell of enlo Park, has been appointed a deputy in the office of County Tax Collector A. McSweeney at Redwood City. Mr. Mitchell is a clever clerk and accountant.

J. K. Hieroshima, owner of the Menlo Cleaning and Dying Works, was committed to the State Hospital at Agnews during the week by Judge Buck of Redwood City. Hieroshima did a business of $3000 a month and was prosperous until he began losing his mental balance.

Manuel Costa, who died last Saturday at his home on Cooley avenue, East Palo Alto, was the oldest resident in that community. The funeral from the Church of the Nativity on Tuesday was largely attended by friends and relatives. It was the largest funeral seen here in years. Interment was in Holy Cross cemetery.

Mrs. C. T. Maloney of Menlo Park and Mrs. Ida Thompson of Redwood City were guests of Mrs. Clara Gairaurd Super District Deputy of Santa Clara County W. D. G. W. at a luncheon at Hotel St. Clair in San Jose. Mrs. Maloney is District Deputy for Palo Alto Parlor and Mrs. Thompson Deputy for Mt. View Parlor, N. D. G. W.

The speech of Senator Samuel M. Shortridge over the radio last Sunday evening was listened to by many on the peninsula and particularly Menlo Park. He spoke on the naval treaty. In eloquent words he explained the meaning of the treaty and what it would do to outlaw war and the benefits that would result to mankind. Those who heard the address declared it to be one of the finest ever delivered by the eloquent senator.

Dr. A. E. Blake was the only councilman absent at the meeting of the council Tuesday evening.

The rules of proceedure were suspended by the mayor to take up the matter of the street work on Hoover street. This was the time fixed to hear protests and as there were none City Attorney Withworth presented the usual resolution setting forth all proceedings in the matter. After the adoption of the resolution of intention the date for opening the bids was set for October 21 at 8 o'clock p. m. The clerk is to post five notices. Mayor Weeden said that the work of making the assessment would be taken up later and perhaps after the completion of the work. A number of property owners living on Hoover street were at the meeting, all appearing pleased at the progress made in the improvement of the street, that was named after President Hoover.

The zoning ordinance was introduced and will be adopted at the next regular meeting of the council. With a few amendments this is the same ordinance that was presented to the council last year by a former planning commission but owing to political differences in the council it was put to sleep to again be awakened when a new planning commission was appointed that was in harmony with the council's views.

Judge Gene Hoss in a lenghtly communication suggested that a public employment bureau be appointed for the city where a register of the unemployed would be kept. He agreed to take charge of the bureau in connection with his office. He was granted the request with thanks and was appointed to the position of his own creation. This is a splendid move and will bring results. Those looking for men to work may be aided at these headquarters to be located at the city hall. The establishment of the bureau is a step in the proper direction, thanks to Judge Hoss and the up-to-date city council.

Police Commissioner Crane read the report of chief of police for the month of September showing that the sum of $893 had been collected. From licenses, $52; dog license, $6; motor vehicle violations $665 and other violations $170.

Chief of Police Love reported that a business license was asked by Mr. L. B. Wickersheim to conduct a riding academy and sales stable in the Russell property on Oak Grove avenue. Love desired the council to pass upon the request owing to the fire hazard in the ancient structure. The fire chief raised no objection and as Mr. Wickersheim agreed to abide by all the ordinances of the city he was granted the license on motion of Dale seconded by Crane. Mr. Wickersheim is to have a cinder path at the rear of the stables to teach children and women the art of riding.

The council adjourned to October 9.

Menlo Parlor N. S. G. W. last evening celebrated the thirty eighth aniversary of its organization by a banquet in the new Masonic hall. About forty Native Sons and guests were present and enjoyed a splendid evening. The following officers of the parlor were chosen Sept. 5, 1892 when it was instituted: James Andrews, past president; D. E. O.-Keefe, president; W. L. Cooley, first vice-president; John Bruns, second vice-president; Leonard Clelland, third vice-president; fianancial secretary, E. M. Doyle; recording secretary, Murtha E. Doyle. F. W. Time has taken it toll for many of the original officers of the parlor have become members of the grand parlor on high. Last evening many reminescenses of the past of the parlor were recited and several of the charter members made speeches, recounting the history of the organization.

The following article concerning the new parlor appeared in the Times-Gazette September 10, 1892:

The new parlor of the Native Sons of the Golden West at Menlo Park was duly and officially instituted Monday, Sept. 5, 1892. After the elaborate and interesting ceremonies the Native Sons and their invited guests adjourned to the Menlo Park hotel, where a banquet had been spread for refreshments and entertainment of the body which at the hour of midnight was much in need thereof. D. E. O'Keefe, president of the parlor, had the seat of honor at the head of the table, and after the splendid feast had been pretty well demolished opened the speech making, and one by one introduced the toasts and those who responded. For an hour the wit and reparteae flowed as freely and sparking as the wine and never were guests better entertained. The toasts and rsponses were as follows: "Our Pioneer Parlors," John T. Greaney; "The New Parlor," J. T. O'Keefe; "The Native Daughters," Phil McEvoy; "The Press," Frank P. Thompson, Redwood City Democrat; "Native Sons," Frank Owen, Times-Gazette; "The Young Men of the Late War," Dr. Charles; "The Native Sons of Ravenswood," Moses F. X. Kavanaugh; "San Francisco Parlors," J. Lundstead, secretary of the grand parlor; "Our Guests," H. C. Hall. Grand officers present were: John T. Graney, J. W. Paulson, J. L. Lowsen and P. H. Holmes. Among the visiting Native Sons were: W. B. Lawrence and W. B. Casey, San Mateo. From Redwood City were A. D. Walsh, Phil McEvoy, W. A. Price, Guy P. Hull and C. N. Christ. The visitors were charmed by the hospitality of Menlo Park and complimented Martin Kuck and his devoted wife for the completeness of the banquet.

The St. Helena Star in a recent issue of the paper reports a Native Sons' meeting was attended by Mayor Weeden. The Star says: "W. H. Weeden, a member of Menlo Park, and also mayor of Menlo Park, spoke on various subjects, dwelling in eloquent language on the beauties and potential possibilities of the San Francisco peninsula." He was applauded by the hundreds of members present for his great effort and splendid talk.

John M. Daley, well-known resident of Menlo Park, and superintendent of the Hersher estate in Atherton, will return the latter part of this month from an extended visit to his old home in England. He left here in July on the first visit to his relatives in England since coming to this country years ago. Daly is prominent here fraternally and in the Menlo Park Horticultural Socity.

PEIPING. (UP)—The American school in Tientsin has outgrown its original home, which it occupied for several years and has now leased a new building. Five American teachers and several others of varying nationalities have been engaged to teach American children.

ANCIENT LOG STRATA DUG UP

PIEDEMONT ,S. D., Oct. 10 (UP)—Seven million years ago a tropical jungle that covered this region sank and was overwhelmed by the sea. Today men with picks and shovels unearth stone fragments of those trees.

Half uncovered agatized cypress logs, or other petrified tropical vegetation now gleams through the rubbish of a forest carpet that extends over an area of nearly 500 acres.

Sandstone and limestone formed atop the forest. Later upheavels brought this strata to the surface and as the softer layers wore away the petrified fragments were revealed.

Farmers and stockmen in the vicinity had known of the stone logs protruding through the debris, but not until this summer was an attempt made to determine the extent of the forest.

In their new form the old logs are tinted in new, bright colors, due to varying compounds in the fibers of the wood. Even the lichens or warts on some of the trees were left discernible. Decayed wood markings were retained in this forest although geogolists claim this is unusual in petrified woods.

YOUTH ACCIDENTLY HUNG

LISBON, (UP)—While Manuel Ferreira Barreiros, 14, son of a merchant of Pombalinho, was picking figs with his seven-year-old cousin, he decided to demonstrate "how a hanging is carried out." Climbing the tree, he put his belt around his neck and tied the other end to another limb. Suddenly he slipped from the limb. He was strangled to death.

Sequoia Theatre Opportunity Night

Tonight for the first time in Redwood City, Tom Kane, manager of the Sequoia Theatre, will present his famous one and only "Opportunity Night." Opportunity Night is just what the name implies. It is an opportunity for promising talent to gain recognition. Mr. Kane himself will act as master of ceremonies at all shows. At this post Tom Kane finds himself quite at home, having played himself most of the leading theatres in the United States and Canada as a vaudeville headliner, he has that faculty of getting out of an act more comedy per minute than any other show you have ever seen on the stage.

The opening night of Opportunity Night finds on the bill a great variety of acts: Ernest Flook, tap dancer, that little bundle of dynamite that has caused such a sensation in all of the kiddie shows throughout the country: Grace Patterson, a girl who really makes good as a hard shoe and buck dancer; Clint B. Withrow, formerly a vaudeville performer and a man who has worked his act for the movies in Hollywood with his troupe of trained fox terriers; Gene Granelli, tenor singer, singing songs that can't help but hold you spellbound; Mr. Ck. Shih, Chinese boxing expert, who will show you how it is done in the Far East; Miss Anna Connors, playing a little classical and lots of jazz on the piano accordion and as you will find out soon enough, this little girl knows her accordion; Charie Servai, a little harmonica player, and Miss Jean Martin with various dancing taps. On the screen you find the funnies comedian of all, El Brendel in the all-talking comedy frolic, "Movietone Frollies of 1930."

Every patron entering the theatre on the night of October 10, will be given a bag of candy free from the Fireside Fudge Shop. It's Redwood City's own show and the Sequoia Theatre extends an invitation to everyone to come out and have the time of their lives.

A KICKING MULE!

Why Does He Kick?

Sometimes for pure joy—sometimes because he's mad. I'm not mad but very glad the Clarence Saunders Stores are getting better every day and the people know they are not trading with Wall Street Stores. Isn't it fine to know that there is left one Chain of Independent Stores free from Wall Street Control?
